

## THE VOICE OF RUSSIA SPEAKS

Peasants Send an Ultimatum to the Kronstadt Garrison

MUST YIELD TO RULE OR STARVE

Loyal Troops Stop Mutiny on the Russian Front

Washington, June 14.—The voice of Russia—that of the peasants—has spoken at last. By a vote of 1,000 to 4 the Peasants' Congress informs the Separatists that "this Congress wishes to inform the inhabitants of Kronstadt that the peasants will stop the dispatch of food to Kronstadt if the town does not immediately join her revolutionary forces to those of the Russian democracy and unless it recognizes the provisional government." This in the north. On the south a Slav regiment, which evidently had been added by German propagandists, mutinied, arrested their commanders and made certain demands. General Staherbatcheff, in command, immediately surrounded the mutineers, and, after ordering his artillery into action, compelled their surrender. These two incidents, widely separated, indicate the tightening up of the democratic forces of Russia and that the freedom debacle is ending. This will be disheartening news for Germany and Austria, who must return the troops taken from the eastern front for use in the west if it is possible to extricate them. If not there is going to be considerable territory lost to the Teutons.

## DOING GREAT GOOD AT THIS SEASON

A superlative blood-purifying medicine like Hood's Sarsaparilla, combined with a superlative iron tonic like Pepton Pills, makes the ideal all-around treatment. No other medicines possess such curative properties as these two working together.

Two dollars invested in these two medicines will bring better results than four dollars spent in any other course of treatment or attendance.

It will be wise to get them to-day.—Adv.

### PEASANTS WARN KRONSTADT.

Congress By Vote of 1,000 to 4 Says Port Must Recognize Government or Starve.

Petrograd, June 14.—The all-Russian congress of peasants' delegates has passed the following resolution by a vote of 1,000 to 4:

"This Congress wishes to inform the inhabitants of Kronstadt that the peasants will stop the dispatch of all food to Kronstadt if the town does not immediately join her revolutionary forces to those of the Russian democracy and unless it recognizes the provisional government."

The resolution urges the government to demand the absolute submission of Kronstadt and, in the event of the refusal of the town to adopt most energetic measures for the dissipation of Kronstadt's separatist aspirations. The Congress promised the government the support of all peasants in the struggle against Kronstadt.

### Sims Not Endangered.

London, June 14.—The motor car used by Vice Admiral Sims, commander of the American naval forces in European waters, was in the vicinity of one of the areas which was bombed most heavily in the aeroplane raid over London yesterday. This gave rise to a report that the admiral had a narrow escape from a bomb, but later it was learned that he was not in the car at the time.

## ANTI-DRAFTERS GO TO PRISON

Three Men Who Wouldn't Register Are Sentenced in New York

ONE MAN GETS THREE YEARS

He Is Also Ordered to Pay a Fine of \$10,000—Eleven Months for Levine

New York, June 14.—Louis Kramer, self-confessed anarchist, was yesterday sentenced to two years in Atlanta prison and ordered to pay a fine of \$10,000 for conspiracy to distribute anti-conscription literature. He also received a year in jail for failing to register. He was convicted of the first crime Tuesday and the second yesterday, the latter trial lasting a little over two hours.

Morris Hecker, convicted with Kramer on the conspiracy charge, was sentenced to one year and eight months at Atlanta. When sentence was pronounced, there was loud applause from the spectators in the courtroom, which the court officers were unable to suppress.

A penitentiary sentence of eleven months and twenty-nine days for not registering was imposed by United States Judge Chatfield in Brooklyn yesterday on Herman P. Levine, school teacher and college graduate. Levine was given another opportunity to register. "I do not think it is right and I refuse to do so," he said. Levine walked into the United States marshal's office on the day after registration and volunteered the information that he had not responded as required, and saying he did not intend to do so. He is twenty-three years old.

Benjamin Monge, twenty-one years old, a Sicilian by birth, was sent to jail for one year for failing to register. He said he did not understand the draft law, and when it was explained to him, expressed his willingness to sign and to fight if called upon.

The sentence of Levine to one day less than a year cuts off all allowance for good behavior and other leniencies which under the law apply to sentences of a year or more.

It took the jury just one minute to convict Kramer. The court told the jurors it was a source of great gratification to him that they bring in the verdict in the manner you did. You have wisely performed your duty.

In sentencing Kramer he said there was "no call for clemency because you are brazen and defiant," adding, "you have talked bravely, but you have shown the characteristics of men like you. On the stand you were careful to give perjured testimony in the essential features that were damaging to your case. Yours was the perjured testimony of a coward. This country does not want your kind."

The judge then called attention to the law that a twice convicted alien can be deported, and said he would recommend to the department of labor that it be applied to Kramer's case. Kramer's counsel said his client would like to go back to Russia at once, but the judge replied, "I guess he would, but he will first serve his sentence here."

While this was going on, another man was arraigned before a United States commissioner on a charge of refusing to register—Henry Joseph Miller of Poughkeepsie, N. Y.

### PROTECTING SOLDIER BOYS.

Appeal Made in Behalf of the Subscription to Vermont Red Cross.

Burlington, June 14.—Harold W. Slocum has been made director of the Vermont chapter, American Red Cross, in its drive to raise \$200,000 of the \$100,000,000 which the organization hopes to obtain in the week beginning June 18 and concluding June 25.

Mr. Slocum assumed his new position at Red Cross headquarters, 100 Main street, this city, yesterday. His first official act was the issuing of a letter to the clergymen of Vermont. After reciting the purposes for which \$100,000,000 is needed, Mr. Slocum says: "Shall we neglect our boys on the front to all the evil that is in humanity and return them to the front diseased in body and mind? Or shall we surround them with all that is wholesome and attractive and return them to the front with renewed strength and inspired by fresh evidence of the love of the country they serve?"

"As the Germans are driven back, they leave the country absolutely destitute—not a building or tree standing, walls destroyed and all utensils for housekeeping and farming stolen. Uncle Sam is going to take off his coat and help these destitute people, now."

"Vermont has been apportioned to raise two hundred thousand dollars. Contributions may be paid in installments up to October 1."

"The need of this fund is so pressing that the busiest men all over the country are going to devote the entire week exclusively to raising funds."

"Will Vermont do her share? We are at war. Our wearied and bleeding allies look upon us with confidence. Our enemies with scorn. They call us dollar worshippers."

"This is not a call for dollars that will not be missed, but for the dollars—hundreds of dollars—thousands of dollars—that represent a real sacrifice."

Mr. Slocum urges the clergymen of the state to appeal to their congregations on June 17 to aid the Red Cross war fund to the fullest possible extent. June 17 is Bunker Hill Sunday and no more appropriate day could be selected in which to make a real sacrifice.

Matters are rapidly shaping themselves for active work at headquarters and by June 18 the first official working day for the soliciting of funds every thing will be in order for the week's drive.

Mrs. Ira L. Reeves of the Northfield branch is the first to report a contribution of \$10 to the Red Cross war fund.

substantially the same form as it is passed by the Senate. There is not the slightest indication that the lower branch of Congress will support Congressman Kitchin and his followers, who will contest the measure now being finally drafted by the Senate committee on finance. On the contrary, Mr. Kitchin's attacks on the bill have cost him votes in the House. Congressmen, as a whole, realize that the hastily drafted bill passed by the House was indefensible and that the opposite is true of the Senate measure.

## U. S. CAVALRY ATTACKED ON THE BORDER

Mexican Bandits Attempt to Cross the Rio Grande River at Yaleta.

El Paso, Tex., June 14.—Twenty-five Mexican bandits attacked a patrol troop of the 8th cavalry under command of Sgt. McDade at Yaleta yesterday. They tried to cross the Rio Grande, firing on the cavalrymen as they came. The American troopers, outnumbered, retired to the dense underbrush and returned the fire. The Mexicans retreated.

When news of the attempted raid reached the headquarters of Maj. Gen. George Bell, a motorcycle machine gun company and troops in motor trucks were dispatched from Fort Bliss to Yaleta, which is 13 miles east of here. When they reached Yaleta all was quiet here.

### Ransom Paid, Freed.

El Paso, Tex., June 14.—The final payment of 1,800 pesos, to complete a total of 3,000 for the ransom of Donald Best and Alec Stroud, manager and well driller at the Erupcion mine, 80 miles south of Juarez, has been made and the two foreigners set at liberty. It became known here yesterday. Last week a band of 12 Villa followers rode into the mining camp, took all of the supplies and provisions and seized Best, who is a British subject, and Stroud, a naturalized American from Russia.

### DRAFT BOARDS NAMED.

Gov. Graham Sends the Names to Pres. Wilson.

Burlington, June 14.—"I have sent to President Wilson at Washington the names of three persons from each county in Vermont that I recommended for the several exemption boards provided for by the government," said Gov. Horace F. Graham yesterday.

The governor has the privilege of exercising his discretion as to the appointees within certain limits, though there must be three men in each county.

"Because of the fact that each county clerk in the state has the custody of all registration cards, I have recommended to the president that those clerks be made members of the exemption boards. For the others I have selected men who are well qualified for the important and delicate duties of the office. No time has been set for the boards to meet, but it is expected that they will assemble to begin their work after they are appointed."

The governor said that, at this time, it was impossible for him to make public the names of the persons recommended, other than those of the various county clerks.
